

Dikshant IAS - Daily Current Quiz

Date: 17/3/2024

1. In the context of semiconductor projects in India, consider the following pairs:

- I. Semiconductor Fabrication Plant - Dholera (Gujarat)
- II. Outsourced Semiconductor Assembly and Test Plant - Morigaon (Assam)
- III. OST Unit - Sanand (Gujarat)

Which of the above pairs is correctly matched?

- (A) Only I and III
- (B) Only II
- (C) I, II, and III all
- (D) None of the above

Answer: (C)

- Prime Minister Narendra Modi laid the foundation stone of approximately ₹1.25 lakh crore worth of three semiconductor projects on March 13, 2024.
- Of these, the ₹91,000 crore project in Dholera is expected to commence chip production by 2026.

2. In the context of foreign exchange management, which recognized outcomes may occur due to continuous interventions by the Reserve Bank of India and the increase in foreign exchange reserves?

- I. Increase in capital inflows
- II. Reduced currency risk for both foreign investors and borrowers.
- III. Caution and prudence in fiscal and monetary policy management

Which combination is correct?

- (A) Only I
- (B) Only I and II
- (C) Only II and III
- (D) All of the above

Answer: (D)

- Continuous interventions by the Reserve Bank of India and the increase in foreign exchange reserves can lead to an increase in capital inflows, reduced currency risk for both foreign investors and borrowers, caution and prudence in fiscal and monetary policy management, etc.

3. Consider the following corridors in the context of Indian Railways:
